Education

- Computer Science and Engineering (CSE)
University of Liberal Arts Bangladesh (ULAB)
CGPA : 3.83
(2013-2017)

- HSC
GPA: 4.30
Rajbari Government College
Science
(2010-2012)

- SSC
GPA: 4.81
R.S.K Institute
Science
(2008-2010)

Research/Project /Others

- Did many programming contest including ACM ICPC. Check my softcopy certificates on gautam.me/... And solved many online judge problems. Links are:
Codeforces: <http://codeforces.com/submissions/Gautam.kumar>
Uva OJ: <http://uhunt.felix-halim.net/id/309417>
There are others lightoj, SPOJ, URI oj, HackerRank online judge where I solved problems.
- Current thesis on :
Deep Neural Networks in Machine learning. Find and remove adversarial examples in deep neural networks.
- Current Research on :
Twin's trait. This research on what's more important for twin's trait? Is it environment or gene? Git links :
<https://github.com/Gautam0/twindb>
Sample site:
<http://twindb.herokuapp.com>
- University Group Project :
Asset Tracking System. Track assets of an organization.
Document Tagging Service. A service that can tag some texts and can integrate with other platform.
- Java and Android Projects:
Did some minor java and android projects.
<https://github.com/Gautam00>
- Hackathon 2016
Category: Energy Efficiency
